The History of the Brand

In 1923, when broadcasting was still in its early stages and the company “Ideal” was founded in Berlin, the “blue dot” was born as a symbol of quality. The product program at that time included earphones and detector receivers. These were thoroughly tested by technicians and marked with a blue dot as a seal of quality after successfully passing the test. Soon, buyers only wanted products with the “blue dot”, which quickly became synonymous with exceptional quality.

In 1938, the quality symbol became a trademark and, at the same time, the company name "Blaupunkt", which is now known worldwide.

Even today, the blue dot stands for products with outstanding quality and technical competence, especially in radio reception as well as navigation on the road and for first-class sound.

- 1923** — Founding of the company in Berlin
- 1932** — The first car radio developed in Europe, the Blaupunkt AS 5
- 1969** — World's first stereo car radio
- 1974** — The first car radio with ARI traffic receiver
- 1982** — Prototype of the first route guidance system EVA (Electronic traffic controller for motorists)
- 1995** — Blaupunkt starts with its first DAB receiver
- 2001** — Sold one million navigation systems and presented the world's first DAB car radio with MP3
- 2007** — Innovation with the first digital Plug & Play amplifier
- 2012** — New 1-DIN car radio with integrated loudspeaker
- 2014** — First Blaupunkt 2-DIN Multimedia Car Radio with Android
- 2016** — New vehicle-specific Blaupunkt 2-DIN Multimedia car radio with Android
- 2017** — Heavy Duty audio systems for professional use
- 2018** — Blaupunkt entry into the e-mobility market with two folding e-bikes, first 2-DIN multimedia car radio with 10.1" touch screen and Android 6.0
- 2019** — First youngtimer car radio – Blaupunkt relaunches the cult car radio "Bremen SQR 46".
- 2022** — Youngtimer car radio – new edition of the 90s cult car radio "Frankfurt RCM 82"
- 2023** — Over 100,000 retro radios sold, further expansion of the retro car radio division
- 2026** — Back to the 70s: New edition of the popular classic car radio "Frankfurt Stereo"

RETRO CAR RADIO

The legends are back:

Our newly released **RETRO** car radios with many new features!

Over the years, some models have developed into true cult objects. Now we present the reinterpretation of these popular car radios from the last decades and combine their USPs with new technologies and functions.

Their operating concept, simple design and crystal-clear reception contributed significantly to the popularity of the original car radios. In the new edition, we adopted the styling of the original model, but at the same time gave the radio modern and

variable lighting for the buttons and the display. First-class reception also remains a strength of these vintage car radios thanks to the Blaupunkt DAB+ and FM high-end tuner.

The serial interfaces are new, including USB ports, auxiliary ports and card readers behind the flap of the former cassette compartment. Audio streaming via Bluetooth is also integrated. The radios are labeled "Made for iPhone/iPod" and ensure appropriate compatibility. All settings are per-

manently saved even if the battery is disconnected. With this, these entertainment systems have arrived in the modern era.

The Blaupunkt retro car radios have a short installation depth – ideal for vintage cars with shortened installation slots. But it's not just the car radios themselves that take the user on a journey through time, the packaging of the devices was also elaborately designed and modeled on the original.

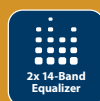

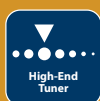

Best reception quality thanks to high-end tuner

Best possible reception quality thanks to the high-end tuner developed by Blaupunkt. Full transmission bandwidth even with a weak transmitter signal, low noise even with low field strength, optimized large signal behavior and optimal AF behavior characterize this Blaupunkt development.

- ✓ DAB+ car radio receiver with control panel and separated Black Box
- ✓ Hands-free system
- ✓ Audio Streaming
- ✓ Signal is transmitted via built-in FM transmitter or 3.5 mm AUX lead
- ✓ USB-A Power supply using a 12 V charging socket
- ✓ Works with almost any OEM and aftermarket radios
- ✓ Service Following
- ✓ Traffic Announcement
- ✓ 4 Station Preset Buttons
- ✓ Answer and end phone call from the control panel
- ✓ External Microphone
- ✓ Playback music over A2DP (for A2DP enabled phones)

CRYSTAL-CLEAR RECEPTION

No matter where you are!

Easily retrofit crystal-clear digital radio – with the DAB+ car radio receiver.

WORK HARD! PLAY HARD!

Car radios not only for commercial vehicles!

Functional infotainment in a new dimension!

Resilient, easy to use and uncompromising in terms of quality. We have added features that drivers of commercial vehicles want in their radios. The new Blaupunkt Heavy Duty Line has what you have been asking for, be it in the 12 Volt or the 24 Volt segment. Modern USB

media can be conveniently connected and played. The CD drive is protected against shock and vibration, allowing unrestricted enjoyment of music even off road, and thanks to fewer and larger rubberized station buttons, operation is always intuitive and easy.

Our car radios are full of well thought out details: for example your stored radio stations are safe, even if the battery is disconnected during maintenance work, thanks to internal hard wired storage.

Work hard! Play hard!

Blaupunkt PRO-LINE

**Car multimedia with higher quality.
And more performance.**

The BLAUPUNKT car multimedia products in the PRO-LINE series offer the highest reception performance and stability in the area of analogue and digital radio reception thanks to exclusive tuner concepts.

The high-quality components and the even stricter quality controls, thanks to the Blaupunkt quality management program, increase the reliability and service life of the products.

Relaxed on vacation ...

... with our multimedia solutions,
especially for motorhomes!

Our multimedia devices are specially equipped for motorhomes and have everything you need on a vacation trip. No matter what features you want – from perfect navigation to practical camera inputs for the rear view camera – everything is included. So you can start your vacation relaxed!

Car Multimedia Navigation		Incl. navigation software for motorhomes/trucks or cars (Europe)	NAV-Ready (navigation software optional/sold separately)	Navigation via Apple CarPlay/ Android Auto	Fiat Ducato installation frame	Housing	PRO-LINE

THE STREET AS YOUR HOME!

● **BLAUPUNKT** onboard navigation systems

The latest navigation solutions from Blaupunkt guide you quickly and precisely to any destination and at the same time there is professional level driving assistance on board. Europe-wide navigation with easy operation and maximum comfort are not a contradiction, but rather our promise.

Map data from all over Europe:

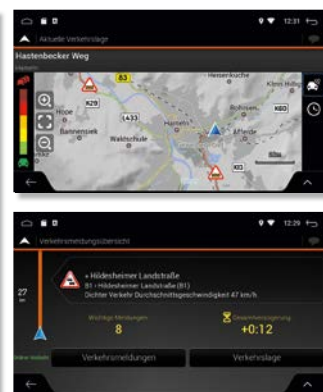

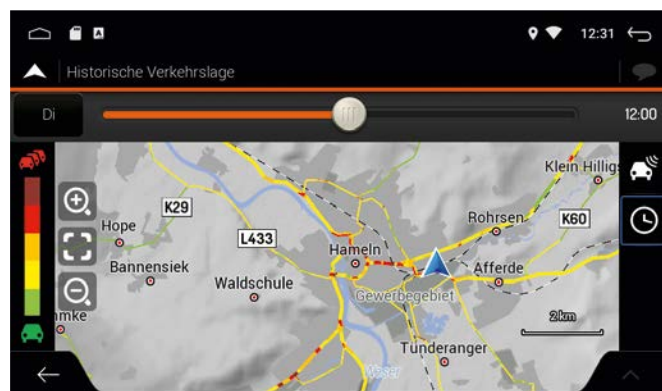

With our navigation solutions you get **all of Europe on a small memory chip**, a cross-border navigation including the use of ferry connections is hereby possible.

● **TMC:**

Avoid traffic jams with TMC (Traffic Message Channel) and **historical traffic data**. To avoid traffic jams and traffic disruptions on your route, you can take the current traffic information broadcast by radio stations into account.

Highlight of the motorhome / truck navigation:

This allows you to enter the dimensions of the vehicle to avoid routes that are not suitable for the vehicle. Also, driving times can be set for multiple drivers.

POI (Points Of Interest):

With **several million POIs** from all over Europe, you can find every tourist attraction, a petrol station on your route, a parking space near your destination or a restaurant on your route.

Blaupunkt Promobil POI:

With the extensive **promobil POI parking database**, you can find motorhome parking spaces throughout Europe with additional descriptions of the space facilities.

Destination selection via coordinates:

No destination address available? If you don't know the exact address of a destination or if it is not located on a normal route, you can also enter it using **coordinates** or select it directly on the map.

Auto zoom:

Depending on the speed and environment, the zoom level is automatically adjusted. When you travel a long distance on a road and no turning maneuvers are necessary, the map view automatically zooms out to give you a better overview of the route.

3D-VIEW OF ATTRACTIONS:

Ever seen the sights before a planned trip? No problem! **Buildings** can be shown **photorealistically in the 3D-view** for a better orientation.

TTS announcements:

With the new **TTS announcements** you can have the entire route read out to you and receive information about traffic disruptions. Street names can of course also be read out. You will also receive announcements that are based on conspicuous points – “**turn right at the traffic lights**” or “**turn left before the petrol station**”. Gone are the days when it was just a matter of “turn left in 100 meters”. Alternatively, you can of course also change the voice output so that no names are announced and the announcements are shorter.

Latest map guarantee via free updates:

Get **free map data updates** for up to **36 months** (device specific). In order to be prepared for future updates and additional data, the software is offered on a **memory card of at least 16 GB**. Additional content that goes beyond the scope of delivery can be purchased additionally. It is not necessary to purchase a new navigation memory card. You can easily manage and update the content on your Windows™ PC.

ANALOGUE / DIGITAL RADIO

- ✓ DAB+, AM and FM-High-End Tuner with PS, AF, REG, CT, TA, PT, PTY, EON, DLS

DISPLAY

- ✓ Large 10.1" IPS HD TFT (1280x720)
- ✓ Tilttable and swivelling with height adjustment and floating look

WIRELESS APPLE CARPLAY & ANDROID AUTO

- ✓ Navigation, internet radio, music player, apps, voice assistant

INCLUSIVE NAVIGATION

- ✓ Motorhome / Truck / Car navigation software (Europe, 36 months free map updates)
- ✓ TMC integrated

BLUETOOTH

- ✓ Telephony, phone book access
- ✓ Audio Streaming with track display

DATA MEDIUM

- ✓ 3x USB (max. 128 GB)
- ✓ SDHC

MEDIA PLAYER

- ✓ USB, AV, Bluetooth
- ✓ MP3, WMA, FLAC, APE, AAC
- ✓ MP4, AVI, MKV, FLV, WMV

SOUND

- ✓ 4-Channel 5V Preamp-Out
- ✓ Sub-Out
- ✓ Digital sound processor (DSP)
- ✓ 16-band equalizer
- ✓ Time Alignment
- ✓ Sound Presets
- ✓ 4x 50 watts max.

GENERAL

- ✓ 1-DIN housing
- ✓ Split screen function (combinations of audio source / camera / navigation possible)
- ✓ Reversing camera function
- ✓ Permanent memory
- ✓ Steering wheel remote control input
- ✓ 4 inputs for reversing camera
- ✓ Multicolour lighting

BLAUPUNKT NAV-READY

Our BLAUPUNKT NAV-READY devices have a navigation system on board. To operate this, additional navigation software is required, which can be purchased optionally/separately.

This means you are well equipped and flexible if navigation via Apple CarPlay or Android Auto (depending on the device) is not enough for you.

CAPE TOWN 948 DAB

NAVIGATION & MORE ...

Works with
Apple CarPlay

With Apple CarPlay™, iPhone users can use their smartphone easily, safely and intuitively. Simply connect your iPhone and you can navigate, make calls, send and receive messages (also via WhatsApp), play music or listen to podcasts – simply using voice control or the touchscreen of your multimedia system.

Works with
Android Auto

With Android Auto™ you have the optimal connection between your multimedia system and your smartphone. Thanks to the intuitive interface, powerful voice control and integrated Android Auto controls, distractions are minimized while driving, so you can fully concentrate on the traffic. Smartphones with Android operating system 5.0 (Lollipop) and higher are compatible with Android Auto.

RVC 5.2 HD

COMING
SOON

- ✓ 12 V automotive rear view camera
- ✓ Resolution: AHD 720p / CVBS PAL (selectable)
- ✓ High performance CCD sensor
- ✓ IR LED Low Light Optimization
- ✓ Waterproof (IP69K), rustproof
- ✓ Near viewing angle: 115°
- ✓ Far viewing angle: 45°
- ✓ Signal-to-noise ratio: better than 48 dB
- ✓ Microphone
- ✓ Auto white balance
- ✓ Electronic shutter
- ✓ Light sensitivity: 0.1 Lux / 0 Lux (IR LED on for close vision)
- ✓ Dimensions: 115 (W), 82 (H), 70 (D) mm
- ✓ Working temperature: -20 °C ~ +70 °C
- ✓ Voltage: 12V, max. 250 mA
- ✓ Weight: approx. 0.5 kg
- ✓ Black housing
- ✓ 10 m cable to RCA (for new installations)
- ✓ 0.5 m cable to RCA (for adapting to existing cabling)

Perfectly EQUIPPED!

RVC 3.0 HD

- ✓ 12 V automotive rear view camera
- ✓ Resolution: AHD 720p / CVBS PAL (selectable)
- ✓ High performance CCD sensor
- ✓ IR LED Low Light Optimization
- ✓ Waterproof (IP69K)
- ✓ Wide viewing angle 95° (H), 80° (V), 110° (D)
- ✓ Audio Microphone & Heating
- ✓ Signal-to-noise ratio: better than 48 dB
- ✓ Auto white balance
- ✓ Electronic shutter

- ✓ Min. Lighting: 1.0 lux at F2.0, 0 lux with IR on
- ✓ Dimensions: 77 (W), 44.6 (H), 55 (D) mm
- ✓ Working temperature: -20 °C ~ +70 °C
- ✓ Voltage: 12V, 70 mA
- ✓ Weight: approx. 0.50 kg
- ✓ White housing

RVC 2.0

- ✓ 12 V automotive rear view camera
- ✓ PAL
- ✓ High-performance CCD sensor
- ✓ IR LED Low Light Optimization
- ✓ Waterproof (IP69K)
- ✓ Wide viewing angle 95° (H), 80° (V), 120° (D)
- ✓ Resolution: 480 TV lines
- ✓ Min. Lighting: 1.0 lux at F2.0, 0 lux with IR on

- ✓ Dimensions: 77 (W), 44.6 (H), 55 (D) mm
- ✓ Working temperature: -30 °C ~ +70 °C
- ✓ Weight: approx. 0.50 kg
- ✓ White housing

10 M EXTENSION CABLE

- ✓ High-quality 10 meter shielded connection cable, very flexible for easy installation in the vehicle. Suitable for Blaupunkt cameras RVC 3.0 HD & RVC 2.0.

Keep everything in view with rear view cameras and monitors

RVC 4.1 KH

- ✓ CMOS camera integrated in licence plate holder
- ✓ Viewing angle 150 degrees
- ✓ Waterproof (IP68)
- ✓ Parking lines
- ✓ Night vision function (IR-LED)
- ✓ Incl. 1m + 6m cable

RVC 4.2 W

- ✓ Universal rear view camera (cube)
- ✓ High performance CCD sensor
- ✓ Viewing angle 150 degrees
- ✓ High-end full glass lens
- ✓ Parking lines
- ✓ Mirror function
- ✓ Waterproof (IP68)
- ✓ Incl. 1m + 6m cable

RVC 4.3 U

- ✓ Wide angle substructure-mount camera
- ✓ High performance CCD sensor
- ✓ Viewing angle 150 degrees
- ✓ High-end full glass lens
- ✓ Parking lines
- ✓ Mirror function
- ✓ Waterproof (IP68)
- ✓ Incl. 1m + 6m cable, wedges for angle change

RVC 4.4 A BLACK

- ✓ Wide angle surface-mount camera
- ✓ High performance CCD sensor
- ✓ Viewing angle 150 degrees
- ✓ High-end full glass lens
- ✓ Parking lines
- ✓ Mirror function
- ✓ Waterproof (IP68)
- ✓ Colour: black
- ✓ Incl. 1m + 6m cable, wedges for angle change

RVC 4.4 A WHITE

- ✓ Wide angle surface-mount camera
- ✓ High performance CCD sensor
- ✓ Viewing angle 150 degrees
- ✓ High-end full glass lens
- ✓ Parking lines
- ✓ Mirror function
- ✓ Waterproof (IP68)
- ✓ Colour: white
- ✓ Incl. 1m + 6m cable, wedges for angle change

- ✓ 10 m extension cable for RVC 4.1 KH / RVC 4.2 W / RVC 4.3 U / RVC 4.4 A BLACK/WHITE

SF-RVC 4.X

- ✓ Interference signal filter for Blaupunkt rear view cameras
- ✓ When power is connected to the rear light, this stabilizer filters interference signals

RVM 5.1

- ✓ 5" monitor
- ✓ 2 camera inputs
- ✓ Incl. mounting bracket

RVM 7.1

- ✓ 7" monitor
- ✓ 2 camera inputs
- ✓ Incl. mounting bracket, remote control

The guarantee for BEST RECEPTION!

FUNLINE RADIO A-R G 01-E

- ✓ For AM/ FM reception
- ✓ Active window antenna with integrated blue switchable lighting ring
- ✓ Optimal reception thanks to the integrated antenna amplifier
- ✓ Blue glowing, non-glare ring (can be switched on and off)
- ✓ Easy installation without drilling by gluing
- ✓ (suitable for non-coated/non-heated windows)
- ✓ Maintenance-free and theft-proof by attaching it inside the vehicle
- ✓ Compatible with all Blaupunkt radios

FUNLINE RADIO AM/ FM/ DAB/ DAB+

- ✓ For AM/ FM/ DAB+ reception
- ✓ Active window antenna with integrated blue switchable lighting ring
- ✓ Optimal reception thanks to the integrated antenna amplifier
- ✓ Blue glowing, non-glare ring (can be switched on and off)
- ✓ Easy installation without drilling by gluing
- ✓ (suitable for non-coated/non-heated windows)
- ✓ Maintenance-free and theft-proof by attaching it inside the vehicle
- ✓ Compatible with all Blaupunkt radios
- ✓ DAB+/ FM antenna can also be used individually

RETRO MOTOR ANTENNA AUTOJET 25 & AUTOJET 25 BLACK

- ✓ Screwable connection cable (M10x75 to DIN male connector)
- ✓ 1.4 m cable length
- ✓ Power supply +12 V
- ✓ FM= 87,5–108 MHz
- ✓ 5 telescope sections
- ✓ Mounting: coachwork drilling (hole diameter 14.5 mm)

RETRO CAR RADIO

THE NEW BLAUPUNKT MOTORIZED TELESCOPIC ANTENNAS

It was an elementary comfort feature of luxury vehicles in the 1980s and 1990s before it disappeared quite quickly around 20 years ago: we are talking about the automatic telescopic antenna.

It is simply part of the classic feel and is becoming increasingly something special on the roads again today. Reason enough for Blaupunkt to offer a new version.

With the new AUTOJET 25 and AUTOJET 25 BLACK, Blaupunkt presents two electrically extendable FM antennas for fender mounting. Also ideal for DAB+ reception in combination with active splitters.

DAB WINDSCREEN ANTENNA SMA (PASSIVE)

Replacement antenna for all digital radios antenna plug SMA

Installation location:

Universal window antenna, adhesive attachment to the rear or front window, unheated.

- ✓ 202 mm length, 17 mm width, 53 mm total width
- ✓ Cable length: 5 m
- ✓ Connector: SMA

DAB WINDSCREEN ANTENNA SMB LONG (PASSIVE)

Installation location:

Universal window antenna, adhesive attachment to the rear or front window, unheated.

- ✓ Passive DAB+ window adhesive antenna (520 mm) with SMB connector

DAB / DAB+ WINDSCREEN ANTENNA SMB (ACTIVE)

Installation location:

Universally applicable window antenna with adhesive attachment vertically on rear or front windows, unheated.

- ✓ Integrated 15dB amplifier
- ✓ Phantom power: 12 volts
- ✓ Band III + L
- ✓ Connector: SMB, gold-plated

- ✓ Cable length: 3 m
- ✓ Length of radiator (antenna) including amplifier: 185 mm
- ✓ Amplifier module: 48 x 30 x 8 (L x W x H)
- ✓ Compatible with all current Blaupunkt radios with phantom power
- ✓ Illustrated instructions DE/EN
- ✓ Non-destructive assembly

CLUB T38.1

Passive short rod antenna

- ✓ Design: rod antenna
- ✓ Area of application: analogue radio
- ✓ Installation location: front mounting, rear mounting
- ✓ Mounting type: screws
- ✓ Services: AM, FM
- ✓ Frequency range AM: 0.15 – 6.2 MHz
- ✓ Frequency range FM: 76 – 108 MHz
- ✓ Impedance AM: 50 ohms
- ✓ Rod length: 355 mm
- ✓ Weight: 0.21 kg
- ✓ Mounting type: M6 screws
- ✓ Horizontal installation angle: 0°–90°
- ✓ Colour: black
- ✓ Material: plastic
- ✓ Cable type: RG-174
- ✓ Cable length: 1.38 m
- ✓ Connection type: straight plug N119.750 (male)

CLUB T48 DAB

DAB+/ AM/ FM short rod antenna with integrated splitter

- ✓ Passive rod antenna, specially tuned for analogue (FM/AM) and digital radio reception (DAB+), passive splitter for analogue/digital frequency ranges (with DIN/SMB connector).
- ✓ Rear/front mounting, 0°–90°.
Easy installation, optimal reception properties, optimal price/performance ratio.
- ✓ AM frequency range: 525 – 1705 kHz
- ✓ FM frequency range: 87.5 – 108 MHz
- ✓ DAB+ frequency range:
Band III 174 – 240 MHz
- ✓ Impedance: 75 ohms
- ✓ Antenna length: 464 mm
- ✓ Cable length including splitter: 1.8 m
- ✓ Connector: JASO/DIN (M), SMB (F)

DAB-A-A

Roof antenna with the following functions and properties:

- ✓ DAB reception, active and low-noise in the Band III range, L-Band passive
- ✓ Broadcast reception, active and low-noise for LMK/FM
- ✓ 12 V power supply for the amplifiers optionally via inner conductor of the cable connections or DIN socket
- ✓ Low-noise antenna rod
- ✓ Shallow installation depth (15 mm)
- ✓ Little installation effort – only one mounting hole for 2 functions

DAB-A-P

- ✓ Services: DAB Band III and L
- ✓ Installation location: Roof
- ✓ Magnetic base antenna for DAB reception
- ✓ Simple magnetic attachment
- ✓ Rustproof
- ✓ Ideal antenna for leased vehicles
- ✓ Optimal reception properties
- ✓ Maintenance-free and theft-proof
- ✓ Optimal price-performance ratio

DAB-A-GPS-A „SHARK“

Roof antenna with the following functions and properties:

- ✓ DAB reception, active and low-noise in Band III
- ✓ Radio reception, active and low-noise for AM/FM
- ✓ 12 V power supply either via the inner conductor of the cable connections (phantom) or via DIN socket
- ✓ Active GPS antenna (phantom power supply)
- ✓ Installation possible with new hole patterns from MB+VW/Audi (sealing adapter available)
- ✓ Shallow installation depth (16.5 mm)

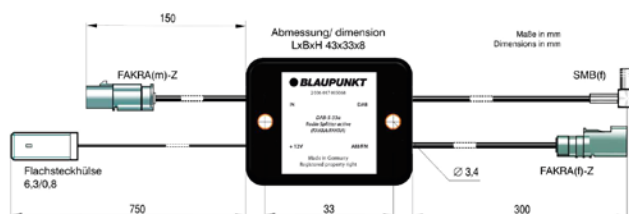

DAB-S-33A (FAKRA/FAKRA)

Active antenna splitter

Active radio distributor for the vehicle sector with the following functions and features:

- ✓ Division of analogue radio and DAB+ frequency ranges
- ✓ Improvement of the reception quality of passive radio antennas
- ✓ Simple and quick attachment
- ✓ The product is intended for typical roof/fender antennas
- ✓ Do not use with integrated glass or active roof antennas

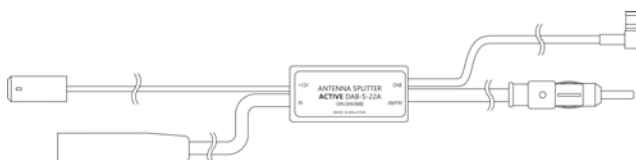

DAB-S-22A (DIN-DIN/SMB)

Active antenna splitter

Active radio distributor for the vehicle sector with the following functions and features:

- ✓ Division of analogue radio and DAB+ frequency ranges
- ✓ Improvement of the reception quality of passive radio antennas
- ✓ Simple and quick attachment
- ✓ The product is intended for typical roof/fender antennas
- ✓ Do not use with integrated glass or active roof antennas

DAB-S-22P (DIN-DIN/ SMB)

Passive antenna splitter

Passive radio distributor for the vehicle sector with the following functions and features:

- ✓ Division of AM/FM and DAB+ frequency ranges
- ✓ Phantom power supply of an external radio amplifier
- ✓ Simple and quick attachment

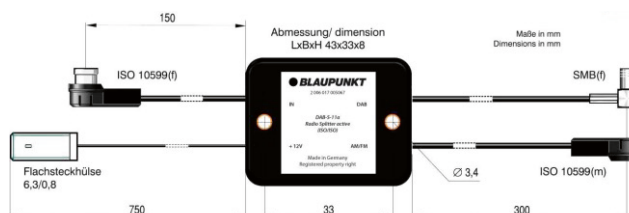

DAB-S-11A (ISO/ISO)

Active antenna splitter

Active radio distributor for the vehicle sector with the following functions and properties:

- ✓ Division of analogue radio and DAB+ frequency ranges
- ✓ Improvement of the reception quality of passive radio antennas
- ✓ Simple and quick attachment
- ✓ The product is intended for typical roof/fender antennas
- ✓ Do not use with integrated glass or active roof antennas

EXTERNAL BLUETOOTH HANDS-FREE MICROPHONE

with a 2.5 m cable

- ✓ Microphone for Blaupunkt 1-DIN car radios with 2.5 mm jack plug connection for external microphone
- ✓ Compact electret condenser microphone
- ✓ Small housing 24 x 10 x 19 mm (L x W x H)
- ✓ Adhesive pad on bottom
- ✓ Plug: 2.5 mm jack plug, mono
- ✓ Technical data: +2 V DC, max. 0.5 mA, 2.2 kΩ
- ✓ Sensitivity: -40 +/- 3 dB (0 dB = 1 V/Pa, 1 kHz)
- ✓ S/N ratio 60 dB

RC-24

Robust, wired remote control – compatible with Blaupunkt devices with SWC option

- ✓ Ideal for construction machines and trucks
- ✓ No battery or power supply required
- ✓ Plug & Play*
- ✓ Simple and secure installation with 3M adhesive pad (included)
- ✓ High-quality, matt finish

- ✓ 7 buttons, freely programmable
- ✓ 5 m cable with 3.5 mm jack plug
- ✓ Diameter 60 mm x height 25 mm
- ✓ Weight: remote control including cable approx. 120 g, with packaging approx. 225 g

* For some 1-DIN models (from 2024) the functions are already pre-programmed, older models must be taught in the SWC menu of the radio.

RC-26

Wireless remote control with retro design – compatible with Blaupunkt car radios featuring an SWC option

- ✓ Exceptionally ergonomic
- ✓ High-quality matte finish
- ✓ 9 buttons
- ✓ SWC interface with 3.5 mm jack plug
- ✓ Ideal for Blaupunkt retro radios and many other models
- ✓ Easy installation, plug & play*
- ✓ Dimensions of individual items: 79 x 46 x 36 mm (remote control), 35 x 45 x 18 mm (interface)

- ✓ Weight of individual items: 0.028 kg (remote control), 0.022 kg (interface)

* For some 1-DIN models (from 2024) the functions are already pre-programmed, older models must be taught in the SWC menu of the radio.

NEW

DESIGN FRONT SETS

Suitable for "Frankfurt Stereo", "Frankfurt Stereo Classic" and "Frankfurt Stereo MB", the look can be flexibly changed or front parts replaced if necessary – without having to replace the entire radio.

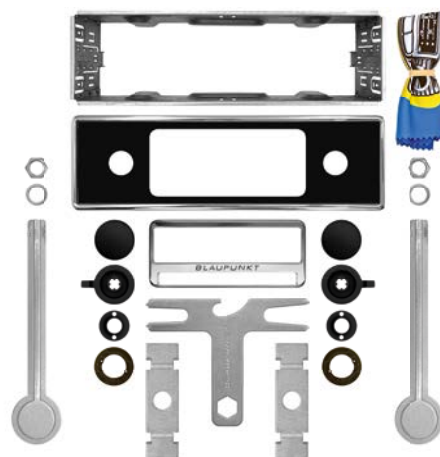

RETRO CAR RADIO

DESIGN FRONT SET – FRANKFURT STEREO

Scope of delivery:

NEW

TPM 124

Portable air compressor for filling and pressure control tires, balls and other inflatable items.

- ✓ Handy compressor with powerful 4,000 mAh
- ✓ Li-Ion battery
- ✓ Illuminated, informative LCD with pressure and battery charge level indicator
- ✓ Pressure range/measurement range: 3–150 PSI / 0.2–10 bar

- ✓ Mobile power bank for charging mobile phones with up to 2 A
- ✓ Integrated LED work lamp
- ✓ Additional bright LED lamp with SOS and flash function
- ✓ Practical hose lock
- ✓ Charging time < 3 h, operating time up to 30 min.
- ✓ USB-C connection (charging), USB-A connection (power bank function)
- ✓ Working temperature -10 °C to +45 °C, noise < 80dB
- ✓ Modes: motorcycle, bicycle, car, ball and free setting
- ✓ Charging cable USB-C ↔ USB-A
- ✓ Incl. adapter for car, Schrader, Dunlop, Blitz and French valves, Needle adapter for balls, adapter for various inflatable items
- ✓ Display in PSI, bar, kpa, kg/cm²
- ✓ Weight: 415 g, Size: 125 x 71 x 46 mm

Practical integrated flashlight

Brings light into the darkness:
Lights up or flashes
(fast flashing or SOS flashing).

Power bank for on the go

Charges your electronic devices, such as smartphones, via the integrated battery.
